Dear Simon

Please find enclosed a final copy of the Tenix Executive Summary for the Replacement Patrol Boat Project. I do apologise for not having sent you one earlier, but I suspect two weeks leave was foremost in my mind at the time.

It was a great pleasure to work with you and the results you achieved are excellent. They have certainly been commented on most favourably both within the Company and by the customer.

I really appreciated the time and effort you put into supporting us on this project. I was well aware you regularly worked all night meeting our deadlines and, although I felt a little guilty, I did manage to sleep soundly!

I look forward to further interaction with you and your company.

Kind regards
